SAY ✓ TO A WAY OF LIFE
for individuals, communities, the world.

This way is green, but will take us through dark valleys and heights of vision. This authentic way in a post-truth world leads us to edges and common ground, to Ground Zero and deep listening. It leads towards a divine cosmic love affair. Don't miss it.
Part of a mass movement of people who care for earth, community and people.

The Course

The world is at a cross ways. So is Christianity. The first Christians were called Followers of the Way. Where's it going in our time? We offer a course of emails and discipleship tools inspired by a Way of Life. Seven days' of emails are followed by resources and spiritual formation exercises to be tried out for a week. These, and the follow up material, may be returned to throughout life. As the journey moves out of the sunny paths a soul friend or mentor may prove to be a vital support. It is open to all without obligation.

Course Originator This self-guided course is written by Ray Simpson, Founding Guardian of the dispersed international Community of Aidan and Hilda. Sales of his books on Christian spirituality are approaching their first quarter million. See www.raysimpson.org The course grows out of a life-time exploring a Way of Life that could guide us through a new Dark Age.

You may enrol free of charge and cancel at any time. It costs us money, so we invite donations.
